

REPORT OF A MEETING BETWEEN HOPTON AND COTON PARISH COUNCIL AND HS2

Thursday 12th September 2019

Hopton Village Hall

Omar Deedat, Petitions Advisor, made the following points:

- HS2 is considering donating money to Hopton Parish Council
- In the case of the village hall, which is 150 square metres it is not directly impacted by HS2
- The process would be more complicated if the money was to be given to an impacted village hall (However, we are a highly impacted village)
- After Royal Assent has been given, the parish council can then apply for funds from CEF – the Community Environment Fund
- Costings of a new village hall were discussed.
